## Regional Network Leader

The **HFN CHC Networks** (HFN CHC, CHC Elite and CHC Premiere) are community based networks created for select geographical areas of concentrated population and industry in Illinois. HFN has negotiated deeper discounts with the hospitals and providers in those select geographical areas and then wraps those counties with our HFN20 network for increased access. The networks will enable employers to experience **significantly deeper discounts with the benefit of comprehensive access**. To qualify for access, a plan must have at least a 20% differential between in and out of network benefits.

## Regional Network Leader

**HFN CHC Elite and CHC Premiere** networks are based in the Peoria area. We created this **“choice option”** in Peoria to accommodate the market need to have access to the 2 key hospitals systems in the Peoria market, Methodist Medical Center and OSF St. Francis Medical Center, while still receiving **significant discounts**. This network development enables the **member to select, at the time of enrollment**, to participate in EITHER CHC Elite or CHC Premiere. The member will have access to the anchor hospitals and all other CHC hospitals outside their geographic area.

### CHC Elite Anchor Hospitals

- OSF St. Francis Medical Center - Peoria
- OSF St. Joseph Medical Center – Bloomington
- OSF St. Mary Medical Center - Galesburg
- OSF Holy Family Medical Center – Monmouth
- OSF St. Elizabeth Medical Center – Ottawa
- OSF St. James Hospital - Pontiac

### CHC Premiere Anchor Hospitals
